

**FOR
SANTA CLARITA CITY COUNCIL**

BOB KELLAR **Age: 63**
Occupation: Santa Clarita Mayor

It has been an honor to serve you, and working together we can continue to make Santa Clarita a great place to live. During my time in office, along with my fellow city council-members and staff, we have accomplished the following:

- Supported full funding to the Sheriff's Department, community youth programs and graffiti removal, so we can remain one of the safest cities in America.
- Secured over \$240 million in new road projects including the Cross Valley Connector.
- Saved taxpayers \$30 million by re-opening the city's trash contract.
- Established the Whitaker-Bermite Taskforce to more effectively clean up the surface and groundwater contamination.
- Co-chaired the SCV Save Open Space Committee so we can preserve undeveloped land.
- Worked with the business community to create high paying local jobs and ensure a strong local economy.
- Supported the arts, in all forms, to enhance cultural opportunities for our families.

As we celebrate our 20th anniversary as a city, we need steady knowledgeable leadership to guarantee our city remains the kind of community our residents deserve.

I would be honored to have your vote.
